A Team Captain will represent each team.
2. The season's length is typically nine weeks with two or three weeks of tournament play (depending upon gym availability). The season starts on the Monday of the first full week of February and ends on the last full week of April. The season may be adjusted if needed. There is no city league volleyball the week of spring break.
3. There will be a double elimination end-of-season tournament the last 2 or 3 weeks of the season, depending on the size of the league. Teams are seeded by their season standings. The Referees send the night's results to the Executive Board via email and the standings are posted on the website. League Representatives will prepare the tournament schedule (bracket) by using these stats. If not posted immediately after the end of the regular season, the tournament schedule will be posted to the FVA website as soon as it becomes available. It is the Team Captains' responsibility to notify their teams of the tournament schedule. The League Representative will post their league's tournament bracket on the bulletin boards prior to the first match on the first week of the tournament so the Referees will know which teams are playing and where.

5. Sometimes school activities delay the initial start times. Please wait patiently for these activities to end.
  6. The last game of the night must end by the rental contract stated time no matter when it starts. The Executive Board and League Representatives will determine match times and durations based upon the size of the league and allocated time available in the gym. **Everyone must be out of the building by the stated time on the rental contract with FNSB School District.**
  7. If gym availability causes a late start of the first matches of the night, the League Representative and Referees will make the schedule adjustments as required. This may include reducing the time per match and the subsequent start times.
  8. If the first match of the night is delayed due to team or court readiness, that match time will be reduced and will end per the schedule.
  9. A 2/3 majority vote of a League's Team Captains is needed to recommend moving a team up or down between B & C Leagues. This MUST occur by the fourth week of League play. The FVA President, League Representatives, and Referees shall discuss the recommendation. The President will make the final decision.
  10. The penalty for playing unrostered players is forfeit of every match in which the violation occurred and a reduction down one or two standings for tournament play. If it is determined a team or player knowingly broke this Bylaw, that team will immediately be disqualified from the tournament and lose grandfather rights for the upcoming year.
  11. C Leagues are intended for recreational-level volleyball play and players of all skill levels are present. In the interest of player safety, jump serving is not permissible.
  12. During league play, matches consist of 2 individual games. Points and wins are based upon these individual games, not overall match wins. There will be no 3<sup>rd</sup> games during regular season league play.
  13. The duration of the second game will not exceed the stated match duration. The winner of the second game will be whichever team is leading at the end of regulation time. If the game is tied at the end of regulation time, a single serve by the team scheduled to serve will determine the victor.
  14. Both teams must agree on which volleyball will be used for the match.

## Article XII: TOURNAMENTS

    - i. Each game is independent.
    - ii. Third game is played to 15.
    - iii. A third game may be started if there are more than 3 minutes remaining in the allotted match time. The team with the most points when the time expires is declared the winner. If the match is tied, one final serve will be permitted to determine the winner.
  - b. If time has expired or there are 3 or less minutes remaining in the match time, a meaningful third game is not possible.
    - i. At that point, the team that has scored the most points in the match will be declared the winner.
    - ii. If both teams have scored equal points, then the match will be determined by a single serve. The referee will determine who serves by random draw. (coin flip, rock-paper-scissors, etc.)

3. Teams having forfeited all their games on any 2 scheduled evenings during the last half of the regular season shall not be included in the tournament unless extenuating circumstances prevail. The League Representative is the deciding authority.
4. Players are required to show a picture identification (license, school ID, etc) to the Referees for comparison to the Team Roster prior to the tournament match. If an ID is not available, the League Representative, Referee, or any FVA Officer can vouch for their identification, if known.
5. The tournament shall be double elimination throughout, time allowing. It is up to the undefeated team to agree whether the Finals shall be one 3 out of 5-game match, winner take all, or play the standard 3-game match. If they win, they are champions. If they lose, a 2<sup>nd</sup> 3-game match will be played, time allowing, to determine the champion. If time is a constraint, a League Officer may modify this stipulation. This would typically mean that if the undefeated team wins the first 2 games in the match, they are declared the winner. If the undefeated team loses one or more of the first games, the match becomes a 3 out of 5 match.
6. In league championship matches, the matches will be played until completion and not constrained to the 40-minute time constraints if possible. The only limitation is the vacate time per the rental contract. The Referees will monitor times to ensure adequate time is available to put up equipment and for people to clear the building.

The exception is during tournament play, in which case the Referee and/or League Rep's decision is final unless the President or Vice President is present. Protestable matters are those which involve player eligibility, inequitable scheduling, or any other violation of these Bylaws. Violations of the playing rules should be called to the attention of the Referee. Consistent misapplication of the rules is grounds for protest. Referee judgment calls are not grounds for protest.

age, their parent/guardian must be a player on the same team as the minor and be present during the entire match. The parents are responsible for their children under the age of 18.

7. All USAV club team players are exempt from FVA age requirements stipulated above.

#### Article XVI: **HOUSE RULES**

7. The ball hitting the ceiling is not out if the ball does not cross the net.
8. When a ball crosses into an adjacent court, both Referees shall immediately call a dead ball. Players are encouraged to yell, "BALL ON!" if this occurs. Safety is the priority here.

10. Forfeits: If a team is short players at start of the match, that team may play with five players utilizing the ghost rule as long as there are at least 2 men and 2 women present for COED leagues. If a team has less than 5 players at the scheduled match time or start time, the game is forfeited. The second game of the match is scheduled to start 10 minutes after the start time of the first game. If a complete team is not present at that time, the second game is then forfeited.
11. Serves can be received with open hands as in a setting technique.
12. Matches are typically scheduled for 40 minutes with 5 minutes between matches. Match time may be reduced due to circumstances at the discretion of the League Representative and/or Referees. Not being prepared to start the match on time is NOT an excuse for extending past the scheduled end time of the match.
13. Any match of the night may start early if both teams agree to do so and the court is available.
14. Any unofficial games taking place after a forfeit must finish at their scheduled ending time.
15. In C-level leagues, Referees have been instructed to let minor ball handling violations go. The obvious scoops, hooks, "beach sets", and slam-dunks will be called. Please confer with the Referee if the calls are too tight or too loose. Confer with your League Representative if the calls are inconsistent between the two teams.

16. Substitutions during a game must be consistent: either you rotate players in at a given position (server's position is common), or you can substitute as per standard volleyball rules. See Referee with questions.
17. Players may assist the Referee in calling balls "in" or "out" which land out of sight of the Referee. A replay may be called at the Referee's discretion.
18. No time outs allowed during the last 5 minutes of playable match time.

  - j. Any portion of the ball that hits the line is considered in play
  - k. Must wait for the whistle to serve.
  - l. It is illegal to block or spike the serve.
  - m. A back row attacking player must take off from behind the ten-foot line to contact a ball that is clearly above the height of the net, directing it back over.
  - n. Coed "A" allows blocking by back row players if only one player of that gender starts in front row on that serve.
20. Standard USA Coed rules are enforced only for the A league. Standard six-person rules apply everywhere else with the exception that 3 men and 3 women are required to play Coed B/C.
21. Open Gym challenge courts will utilize a written sign-up method to ensure waiting players/teams have a fair opportunity to play. A clipboard used for sign-up will be available for each designated challenge court. A team will play as the challengers when they come on the court. That team will remain on the court for a second game, regardless of the outcome of the first game, for a new challenger team to play. The losing team will come off the court on the first match of the night.
22. A player may only be signed up for one match at a time on the challenge list.
23. A court may be designated as a general use court. There are no clipboards and players can enter/exit at their discretion.

4. If any school activity (e.g., wrestling or volleyball games/practice) is in progress when players arrive at the gym, they shall wait quietly at the entrance until such activities are concluded. Do not start hitting balls, running across the floor, etc.
5. Because of the large number of participants, use of volleyballs and gym space is limited strictly to FVA players on the teams scheduled that evening. Children and spectators are not to play with volleyballs, basketballs, or any other items on the floor during warmups or game time.

6. Volleyballs are not to be kicked, removed from the gym, or used in hallways, outdoors, or in bathrooms.
7. The equipment room is not a self-service area. Stay out of the equipment room, coach's offices, and other school rooms. We are not allowed to use school volleyballs, equipment, or other school areas.
8. It is strongly recommended that children not be brought into the gym. If children are present in the gym, they must be under direct adult supervision at all times. This adult CANNOT be the parent that is playing volleyball. If we have children playing with balls in the gym or hallways, interrupting match play, or just wandering around, the parent's team will lose one point each time this is brought to the Referee's attention. After three infractions, that parent is no longer eligible to play that night.
9. Unsportsmanlike conduct including, but not limited to, arguing with Referees, Officers, or players, abuse of equipment or facility, or belligerence shall be punished according to USAV rules and will be a warning, point/side out penalty, or player disqualification.
10. Fighting, drug/alcohol intoxication, tobacco use, or repeated unsportsmanlike conduct offenses shall result in immediate player disqualification and expulsion from school property. Depending upon the circumstances and at the discretion of the President, that player may lose player eligibility at ALL FVA venues for a period of time. Failure to leave school property when requested will result in the notification of the local authorities and a permanent ban from the FVA.
